Hollywood gossip, hot off the presses

The Meaning of SUCCESS(ION)

IN A NEW INTERVIEW, **KIERAN CULKIN** REFLECTS ON THE END OF HIS SHOW AND HIS NEWFOUND FAME.

HE'S GOOD AT PLAYING THE ROYS' BAD BOY!

AS the fourth and final season of HBO's *Succession* hits the air, star **Kieran Culkin**, who was nominated for two Emmys for his role as spoiled younger son Roman Roy in the media-empire saga, is at loose ends. "All I know is I feel kind of down," the 40-year-old tells *Esquire* magazine. "It's hard to sort of accept. What are the stages of grief? I don't know which one I'm in right now. Maybe depression or denial. Maybe a little bit of both."

Much has changed for the actor since he shot the pilot in 2016. He and his wife of nearly 10 years, **Jazz Charton**, welcomed two children, for one thing. For another, the NYC native's star has gone supernova. It's something he watched happen to older brother **Macauley Culkin**, albeit at a much younger age, when he became the most famous kid in America from the *Home Alone* movies in the 1990s. "He was little and having to try to accept that level of fame as reality," Kieran muses. "Even at that time, as a kid, I remember thinking, That sucks for him."

With his own fame on the rise, the *Igby Goes Down* alum will next star in **Jesse Eisenberg**'s second directorial effort, *A Real Pain*, which will shoot in Poland. Yet being away from his family for an extended period of time has him wistful. "I would like there to be nothing for a little while," he tells the mag. "I feel like what I'm supposed to do is be a stay-at-home dad. That's where I feel I'm the most me. And anything that takes me away from that is wrong." ★

ROLE MODEL "There cannot be a better job on the planet for an actor," Kieran says of his role on *Succession*. He says he played Roman as someone who "never has to suffer any consequences."

BILLY KIDD/ESQUIRE

LONG GOODBYE The actor went into season 4 not knowing whether it would be the last. Kieran jokes he felt like a boyfriend being strung along: "Stop telling me you don't want to be with me but that you still sort of love me!"

Personal Appearance

Harry (outside court March 27) is joined in the suit by other stars, including Elton John and Elizabeth Hurley. "It was important to make his presence known," says an insider.

HE WANTS JUSTICE!

HARRY'S DAY IN COURT!

PRINCE HARRY FLIES TO LONDON TO MAKE HIS CASE — BUT GETS NO WARM WELCOME FROM HIS DAD.

It's no secret **Prince Harry** despises the British press. And on March 28 he issued a blistering witness statement in London's High Court accusing the *Daily Mail* and other papers of hacking voice mails, tapping landlines and illegally obtaining credit card statements to get dirt on the 38-year-old's romantic relationships, including with wife **Meghan Markle** and ex **Chelsea Davy**. (The publisher called the allegations "preposterous smears.")

And the Duke of Sussex didn't save his ire just for the tabloids. With his father **King Charles III**'s coronation just weeks away, the rogue royal again lashed out at the royal family for its seeming cooperation with the press. "The Institution was without a doubt withholding information from me" about the illicit surveillance, he alleged, claiming that the palace had also made a secret agreement with a second tabloid publisher not to sue in order to avoid opening "a can of worms." The dad of two concluded that he only became aware of the royal family's (a.k.a. The Institution's) maneuvering when he sought his own legal advice and representation.

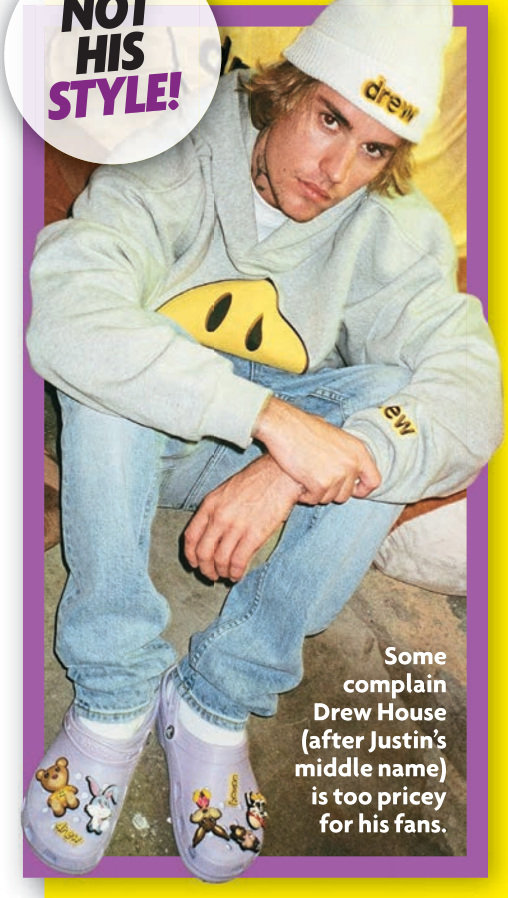
No wonder Charles claimed to be "too busy" to see his younger son — even though his own planned trip to France had been canceled. "Charles wanted to avoid any more unflattering attention on the royal family ahead of the coronation," an insider tells *Star*. "Harry's war against the media is his own and the palace wants to avoid any unpleasant publicity." And, it seems, avoid the source of it as well! ★

On the Go

Charles, who declined to meet his son, left for Germany March 28 for his first state visit as King.

NOT HIS STYLE!

JUSTIN'S FASHION FLOP



Some complain Drew House (after Justin's middle name) is too pricey for his fans.

When **Justin Bieber** launched his streetwear line, he had visions of giving Yeezy a run for its money. Now sources tell *Star* the smiley face–bedecked hoodies ($150), wide-leg jeans ($250) and other togs have been a fashion fizzle. "Drew House is becoming more and more of an also-ran every day," says an insider. "The brand isn't growing at the pace of its competitors."

That hasn't stopped the 29-year-old, who cofounded the brand with "swagger coach" **Ryan Good**, from pouring money into the enterprise. Sidelined from touring due to health issues, Drew House has become Justin's sole creative outlet. "He's still trying to be taken seriously," the insider says. "The question is, how much more is he going to invest in this thing when he can't even get above 2 million Instagram followers for it?" ★

INSTAGRAM/@KYLIEJENNER

KYLIE JENNER: LIP S.O.S.

In a recent makeup tutorial, **Kylie Jenner** demo'd her new cream blush. But it was her pillowy lips that had fans talking — one even fretted that the plumped-up pout might pop!

They're not the only ones. Sources tell *Star* that the Kylie Cosmetics mogul's friends and family are begging her to lay off the lip injections. "Her sisters have urged her to step back a bit," says an insider. "They're a little grossed out."

The 25-year-old raised eyebrows when she first got lip fillers at age 17 — and she hasn't stopped since. "Kylie loves her fuller lips and thinks they make her look younger and attractive and, above all, sexy," explains the insider. "She's fixated on her lips and actually likes them when they're all swollen." Which makes it hard for anyone to get through to her. "She's not heeding the warnings," adds the insider. "She likes what she sees!" ★

Friends worry Kylie (pre-fillers) will wind up "disfigured," says an insider.

JASON & OLIVIA: CUSTODY ROLLER COASTER!

Olivia Wilde and **Jason Sudeikis** seemed like the friendliest of exes at their 8-year-old son Otis' soccer game March 25. They were even snapped giving each other a hug! But don't be fooled by the chumminess: Sources tell *Star* the ex's custody battle over Otis and 6-year-old Daisy is as bitter as ever. "Jason insists he's only acting for the welfare of the kids," says an insider. "But it does seem he's going out of his way to make things harder."

Indeed, in recent court papers the *Don't Worry Darling* director accused the *Ted Lasso* star, 47, of acting in "bad faith" and attempting to "litigate [her] into debt." (Among their points of contention: whether the kids should be based in NYC or L.A.) Earlier, he had her served papers when she was onstage at CinemaCon. It's all payback for the 38-year-old's post-split affair with costar **Harry Styles**. "She humiliated him," says the insider. "He has a grudge." ★

The pair called off their engagement in 2020, after seven years together.

FINDING THE FUNNY!

JEN DEFENDS FRIENDS!

Jennifer Aniston never seems to age, but the 54-year-old acknowledges that the sitcom that made her famous has gotten a little creaky. "There's a whole generation of people, kids, who are now going back to episodes of *Friends* and finding them offensive," she said in a recent interview. Notably, the show, which ran on NBC from 1994 to 2004 and gained new life via streaming, featured a woman (**Kathleen Turner**) as Chandler's gay drag queen father, and frequently fat-shamed young Monica (**Courteney Cox** in a fat suit). "There were things that were never intentional and others… well, we should have thought it through," Jen allowed, "but I don't think there was a sensitivity like there is now."

Seeming to bemoan so-called cancel culture, the *Morning Show* actress lamented, "It's a little tricky because you have to be very careful, which makes it really hard for comedians, because the beauty of comedy is that we make fun of ourselves, make fun of life." She ended with a plea: "Everybody needs funny! The world needs humor! We can't take ourselves too seriously. Especially in the United States. Everyone is far too divided." ★

STAR SPOTS THE STARS

★ **Lukas Gage**, attending the Fashion Trust U.S. Awards 2023, where guests toasted with organic wine from Avaline, in L.A.

★ **Perez Hilton**, visiting Fantasy Lab Las Vegas with his three kids.

★ **Brandi Cyrus**, spinning during a special DJ set at Somewhere Nowhere, in New York City.

★ *First We Feast Hot Ones* host **Sean Evans**, dropping by Emmett's on Grove to celebrate their limited-time collab before the show's 20th season premiere, in New York City.

★ **Sigourney Weaver**, dining at Claridge's Hotel, in London.

★ **Courteney Cox** and pal **Laura Dern**, chatting over dinner at Nobu Malibu.

★ **Hailey** and **Justin Bieber**, grabbing dinner at Wally's restaurant in Beverly Hills, Calif.

JEREMY RENNER: 'I CHOSE TO SURVIVE'

He really is a superhero! In his first TV interview since the freak Jan. 1 snowplow accident that nearly cost him his life, **Jeremy Renner** opened up about the harrowing ordeal and his long road to recovery. "I was awake through every moment," the 52-year-old told ABC's **Diane Sawyer**, who then listed the many injuries — from broken ribs and legs to a collapsed lung to fractures in his eye socket and jaw — the *Avengers* actor suffered when his 14,330-pound Sno-Cat rolled over him near his home in Lake Tahoe. "What's my body going to look like," Jeremy recalled thinking about the injuries. "Am I just going to be a spine and a brain, like a science experiment?"

Now, as he undergoes hours of rehab for the foreseeable future, Jeremy — who has thanked his doctors and fans on social media — says he sees "a lucky man" when he looks in the mirror. "I chose to survive," the *Rennervations* star emphasized of the accident, which occurred when he was trying to save his nephew from being crushed by the plow. "I've lost a lot of flesh and bone in this experience, but I've been refeueled and refilled with love and titanium." ★

"My name is Catherine and for years, I struggled with my hair. Dull, brittle, falling out…it was just a complete train wreck. I didn't know what to do.

I READ ABOUT HAIR VOLUME™

I was sitting on the couch one night when I saw an ad about Hair Volume™, a Swedish supplement with naturally derived hair nutrients. Everything about the ad was similar to my story. Seeing that I've always been interested in nourishing my hair and keeping it heathy, I went to my local health food store and learned about the importance of supplementation. The lady at the store also recommended Hair Volume™ as her customers spoke highly of it.

FINALLY, MY HAIR FELT REJUVINATED

After a few months of taking Hair Volume™, I noticed my hair starting to feel "heavy" on top. I was shocked but happy. It looked much healthier. My daughter is a hairdresser and I went to see her three weeks ago. She was also pleasantly surprised at the state of my hair. The best part is that my husband noticed something different in my hair too! I will definitely keep taking Hair Volume and highly recommend it to anyone wanting nourished hair and more hair volume."

Zayn's ex Gigi "isn't jealous," claims a source. "She wants her daughter's father to be happy."

NEW POWER COUPLE!

Zayn & Selena IT'S ON!

Selena Gomez and **Zayn Malik**'s romance has Hollywood buzzing.

Spring fling or the real thing? On March 23, an eagle-eyed TikToker spotted **Selena Gomez** and **Zayn Malik** putting on the PDA during dinner at a New York City restaurant. Later, the bistro's hostess confirmed the two were "hand in hand, making out" during the cozy rendezvous. Now sources tell *Star* that Selena and Zayn, both 30, are an item. Spills the source, "They've really hit it off. Zayn is Selena's ultimate dream man, and she'd like to see where this goes.".

The *Only Murders in the Building* star was last linked to the Chainsmokers' **Drew Taggart**, who took her on a bowling date in January. But the budding romance fizzled and Selena soon confirmed she was single. She even spilled on social media that she was "still out here looking" for a crush. Turns out, she had one all along! As far back as 2013, she admitted that Zayn was the One Direction member she most wanted to kiss. "She thought he was so cute," says the source. The feeling was mutual. The former boy bander — who shares 2-year-old daughter Khai with ex **Gigi Hadid** — recently made Selena one of the 18 people he follows on Instagram. "They started slipping into each other's DMs and learned they know a lot of the same people and have so much in common," adds the insider.

As for Gigi, who dated the "Pillow Talk" singer on and off for six years, says the source, "she's got her own life and wishes them nothing but the best." ★

Chrissy & John's VOW RENEWAL

Chrissy Teigen and **John Legend** want to say "I do" — again! A source tells *Star* the pair are planning a 10th-anniversary vow renewal "with a big group of friends and a real party." In 2019, the A-list couple, parents to Luna, 6, Miles, 4, and 2-month-old Esti, threw a casually impromptu vow redux while on vacay — with Chrissy donning a white bath towel. This time, the model, 37, "wants a proper dress and to have their kids and families involved," says the source. The couple grew even closer after Chrissy's devastating miscarriage in 2020. The loss "strengthened our resolve and resilience," John, 44, has said. "We came out even more sure of who we were as a couple and as a family." Since welcoming rainbow baby Esti in January, the duo has much to celebrate. Says the source, "They're in such a happy place now. They've been to hell and back, and reaffirming their vows feels super important." ★

Colin & Kelly WHAT WENT WRONG

Since his Oscar-nominated turn in *The Banshees of Inisherin*, **Colin Farrell** is "totally on fire again," says a source. But the career surge for the ex-Hollywood bad boy, 46, has come at a cost: His five-year relationship with **Kelly MacNamara** is dunzo. "With the way Hollywood works, Colin needs to strike while the iron's hot," says the source of the *Penguin* star. "He was already doing long-distance with Kelly a lot of the time, but now his career is all-consuming again." (Kelly's work life is ramping up too; she's the personal assistant of U2's **The Edge**, who's heading out on tour.) Colin's decision to take 13-year-old son Henry (mom is ex **Alicja Bachleda-Curús**) to the Oscars instead of Kelly was "telling," notes the source, "but there's hope they could work things out. He just doesn't have the bandwidth right now for a long-distance relationship." ★

Kaia & Austin SHACKING UP

Domestic bliss, here they come! After more than a year of dating, **Kaia Gerber** and **Austin Butler** plan to shack up in the *Elvis* star's Los Feliz house. "They're excited for this new phase," says a source. "These two are the real deal and Austin's even mentioned that he can see himself proposing down the line." The actor, 31, and model, 21, have been "spending every day together," says the source, including a recent vacay to Cabo — where they also spent New Year's with Kaia's parents, **Cindy Crawford** and **Rande Gerber**. Despite the 10-year age gap, Kaia's famous folks adore Austin, says the insider. "He's very grounded and there's never any drama." Still, they hope the pair take this slowly. "They're urging Kaia not to rush into anything like marriage. She's still very young." ★

On the Move!

"They spend every day together, so this is a practical decision as well as a no-brainer for their romance," says a source.

STAFFERS DISH ON THE FAMOUS FAMILY AND WHAT *REALLY*

Kendall gets ghosted by guys.

Kourtney makes out everywhere.

Khloé is obsessed with her looks.

CRETS

GOES ON BEHIND CLOSED DOORS.

IN a recent photo posted to her Instagram account, **Khloé Kardashian** can be seen getting primped and prodded ahead of an appearance promoting her Good American jeans line. Khloé, wearing all black, poses for the camera as someone on her glam team brushes her hair while another applies makeup and a third pins the reality star's jeans. A fourth assistant is spotted on her phone in the background.

Kardashian fans may not see them often, but staff members are always there behind the scenes, working hard to make sure each family member looks like they're living the perfect life. According to sources, those employees have seen it all when it comes to the Kardashian clan (who are said to be worth more than $2 billon combined) and they're ready to lift the lid on secret money problems, quirky habits and over-the-top demands.

STAR TREATMENT

Mom **Kris Jenner** and her daughters each treat the help differently, the source tells *Star*. For her part, Khloé "is pretty ruthless and cold-blooded" to the people working for her, reveals the source. "She's very picky. If something is not done to her satisfaction, it has to be done again. Everything needs to meet her exact specifications to the letter or it's not tolerated."

In February, the 38-year-old *The Kardashians* star was sued by a former household assistant who claims he was fired when he took a leave of absence ▷

The Kardashians have extensive staffs — though you rarely see them in action.

Caught in the Act

A source says staffers have walked in on Kim taking sexy selfies!

following a leg injury. "She has very high standards and if someone isn't fulfilling their duties at any time, there's zero hesitation cutting them loose," says the source. There's talk she can't afford as much help as she demands, and that she's in debt to the tune of $7 million. "Khloé has hundreds of thousands flying out the door every month on mortgage payments, travel, clothes and other expenses," says a source. "She's borrowed a ton against her $17 million home and is having trouble paying all her staff."

Kim Kardashian, meanwhile, has a reputation for being the nicest to her employees. However, even she has her rules. In late 2022, the KKW Beauty founder, 42, revealed that she has staff members wear specific color palettes at work in her all-white abode. (She added that employees are asked to stick to "all neutrals" like gray, black, navy, white, cream and khaki.) Still, the source says Kim is "generally polite and sweet," adding, "she never talks down to anyone or makes them feel beneath her, and she can be very generous and loves to surprise workers with gifts."

CONSTANT DEMANDS

Working for the Kardashians isn't for the faint of heart. "The hours are brutal," says a source, noting that Khloé wants her staff up at 4:30 a.m., when she heads to her home gym. "They're expected to be on hand with towels and to clean up after her, which means wiping down the sweaty gym equipment and then making her a green juice."

While **Kylie Jenner**, 25, is always at home with her two young kids (she shares daughter Stormi, 5, and 14-month-old son Aire with **Travis Scott**), her model sister **Kendall Jenner** travels constantly — but insists housekeepers keep her L.A. pad up to snuff at all times. "The staff still have to work long hours and keep the place perfect 24/7," dishes the source of the 27-year-old jet-setter. "It's lonely and they feel like it's pointless doing all these tasks and domestic upkeep for someone who's never there!"

Staffers at Kim's house are also on full-time laundry duty. "She's always showering and creating tons of laundry," says a source of the mom of four (she and ex **Kanye West** are parents to North, 9, Saint, 7, Chicago, 5, and Psalm, 3). Kim has admitted she's obsessed with smelling good, and is grossed out by certain scents.

Mom Life

Kylie is considering homeschooling Stormi "so there's less interaction with other kids," says a source.

"She hated changing diapers, so the nannies had to do that," the source reveals, noting that Kim also has a strong aversion to body odor. "She has a few quirks."

COMPROMISING POSITIONS

Behind closed doors, Kardashian workers have caught their employers in some awkward moments. "Kim loves to take selfies when she's in the nude," says the source. "Sometimes the staff will catch her by surprise." **Kourtney Kardashian**, 43, and husband **Travis Barker**, 47, don't bother trying to hide their nonstop PDA from their kids (she shares Mason, 13, Penelope, 10, and Reign, 8, with ex **Scott Disick**) — or the help! "They're always making out and they don't give a rat's ass if it makes people feel uncomfortable to see them kissing or groping each other!"

Staff members have the best seat in the house when it comes to Kardashian drama. Khloé's messy splits from her cheating ex **Tristan Thompson** (they share True, 4, and a son, 7 months) were on full display. "Khloé's dating habits are a source of chatter among her staff," says a source. "They'll exchange theories on why she's been cheated on so much." They also gab about how Khloé's become so preoccupied with her looks she barely has time for friends. "It's no wonder Khloé doesn't really have any true friends right now," says the source. "She's obsessed with her appearance and what people are saying about her on social media."

They've seen Kendall get down in the dumps, too. Though she was linked to musician **Bad Bunny** in February, she's had disappointment in love. "Staffers have seen Kendall at her lowest, like when she's been stood up by a date or dumped by a guy," says the insider. "She'll mope around the house like a lost soul, slumped on the couch in her sweats and generally feeling sorry for herself."

CASA BOSSY

It's not just employees who are put to work. The source says Kris, 67, treats her boyfriend of nine years, **Corey Gamble**, like her personal butler! "She has him waiting on her like she's royalty, carrying her bags and fetching drinks and snacks," dishes the source. For the 42-year-old, it may be a fair trade-off: "He lives rent-free in five-star luxury and doesn't have to worry about anything — except for Kris barking orders at him!" ★

Kendall's housekeepers have seen her "mope around" after being dumped.

SCOTT'S BACK

KOURTNEY'S EX IS RETURNING FOR THE UPCOMING THIRD SEASON OF *THE KARDASHIANS.*

After making just a cameo on season 2 of *The Kardashians*, Kourtney's ex, **Scott Disick**, will be getting more screen time in the next installment of the Hulu series, which returns May 25. The 39-year-old is known for bringing drama to the mix: He repeatedly struggled with drug and alcohol abuse during his time on *Keeping Up With the Kardashians* (and lied to Kourtney about being sober). "Scott went through a tough time and had problems with pills as well as booze," says an insider, noting that the rehab vet has since cleaned up his act. "He's past all that now and a devoted dad who's living a far healthier, more functional lifestyle."

Seize the Moment

"Emily is young, she's single and she feels she deserves to have flings with as many guys she can get while she can," says an insider.

HER BOY BAND

The model has been linked to (from left) Brad Pitt, Pete Davidson, Eric André and Harry Styles, among others. About her smoochfest with the former One Directioner, who dated her friend **Olivia Wilde**, an insider says, "Emily got carried away by Harry's charms. She couldn't resist. She reached out to Olivia to explain that she didn't mean to offend and hopes they can still be friends."

Emily Ratajkowski: FEMME FATALE!

BRAD? PETE? WHAT HOLLYWOOD HOTTIE *HASN'T* SHE DATED? A BRUTAL DIVORCE HAS THE MODEL THINKING LIKE A MAN.

EMILY RATAJKOWSKI was brutal in her opinion of men. During an online Q&A session with fans, the model revealed she doesn't think much of the opposite sex when it comes to dating. "I'm so sorry to say this," the 31-year-old said during the March 23 sesh. "Men think with their d**ks, and they're just not that advanced."

Now she seems to be taking a page from their playbook. The model split from husband of four years **Sebastian Bear-McClard** in July 2022 amid cheating rumors (on March 30, news broke that multiple women have accused the *Good Time* producer of sexual misconduct). Ever since, the mom of Sylvester, 2, has been with a string of high-profile guys, including **Brad Pitt**, **Pete Davidson**, **Eric André** and, most recently, **Harry Styles**, who she was recently spotted making out with in Tokyo. "I was a bit of a 'pick-me girl,'" she's said of her attitude toward dating, adding, "I don't have that anymore. So now it's really fun to go to dinner with someone and be like, 'Cool. I really enjoyed these parts of them. I really didn't like those other parts.'"

FLING THINGS

Also known as love-'em-and-leave-'em. "Emily's only doing what men have been doing for centuries," an insider tells *Star*. Still, when the shoe's on the other foot, some dudes can't handle it. "Guys are shocked at how she's able to seduce them with her charms and then leave them without much consideration for their feelings," adds the insider.

The *My Body* author has been vocal about deal breakers. No. 1 is not taking her seriously. "I dated a guy for a minute, whose name will not be disclosed, who never made it through my book — through my own damn book," she recently griped, adding, "He kept saying he was a slow reader, but I was also like, 'OK, are you just not that interested in me?'" (Was it you, **Leonardo DiCaprio**?)

It's been freeing for her to consider what she wants for a change. "It [used to be] hard for me to go on a date with someone and think about how much I did or didn't like them," she told *Harper's Bazaar*. "I would have been thinking about how they were perceiving me, what it meant, what they wanted from me, what it meant about my self-worth."

Her new attitude seems to have made the *Gone Girl* actress even more popular. "Emily doesn't have any hang-ups when it comes to no-strings-attached fun," notes the insider. "She's not looking for a husband — she's not even looking for a serious relationship. The vibe she gives out is very attractive to guys."

EGGING ON

She may not be looking for a husband, but Emily is looking forward to having another child — even if it's solo. In the March 23 chat, she discussed the possibility of freezing her eggs. "I think I definitely would like to have more children. I really love being a mom," she said, adding, "I'm not sure I'm going to find somebody that I want to raise a child with." ★

Two of a Kind

"They'd come into work wearing the same fashions, they were like twins," an insider says of the pair back in the day. "They'd trade outfits and go shopping together."

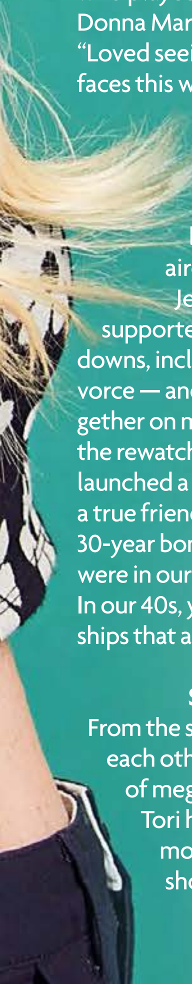
Jennie & Tori: *Our 30-Year Friendship*

THEY SHOT TO FAME TOGETHER ON *BEVERLY HILLS, 90210* AND STILL ACT LIKE THE HIGH SCHOOL BFFS THEY PLAYED.



FANS were thrilled to see the cast of *Beverly Hills, 90210* reunite at 90s Con, held recently in Hartford, Conn. **Jason Priestley** and **Ian Ziering** were there at the nostalgia-fest, held March 17 to 19. And of course, there were **Jennie Garth** and **Tori Spelling**, who played besties Kelly Taylor and Donna Martin on the high school drama. "Loved seeing some familiar and friendly faces this weekend," Jennie later posted on Instagram. "It was more like Friends Con."

And hardly a reunion for the two stars, who have been tight since the show first aired in 1990. Over the years, Jennie, 51, and Tori, 49, have supported each other through ups and downs, including motherhood and divorce — and have continued to work together on multiple projects (they cohost the rewatch podcast *9021OMG* and just launched a QVC housewares line). "It's a true friendship," Tori has said of their 30-year bond. "We were friends when we were in our teens. And you never know. In our 40s, you don't have those friendships that are lasting, and ours has."

SUPPORT SYSTEM

From the start, Jennie and Tori had each other's backs. The daughter of megaproducer Aaron Spelling, Tori had had a few small roles — mostly guest spots on Aaron's shows — when he cast her as a lead on *90210*. Jennie, meanwhile, had studied with an acting coach before moving to L.A. to finish high school and launch her career. "She helped Tori with her acting in the beginning," an insider tells *Star*. "She taught her the best camera angles and how to react and cry on cue."

And when the hot young cast was soon being mobbed by fans at shopping-mall appearances, the two stuck together. "We went through something really impactful at such a young age together," Jennie has said of their early fame, adding, "we just kinda speak the same language."

GROWING PAINS

After the show wrapped in 2000, the pair remained close as they married and started families. Jennie shares two grown daughters and a 16-year-old girl with ex **Peter Facinelli**, while Tori's five kids with husband **Dean McDermott** range in age from 6 to 16. "They were both young moms, and organizing playdates with the kids was a fun thing to do," says the insider. "They got to gossip and catch up."

Sometimes *they* were the source of the gossip. In 2005, Tori had tongues wagging when she began an affair with Dean while she was still married to first husband **Charlie Shanian** and he was wed to **Mary Jo Eustace**. Later, she was humiliated when Dean publicly admitted to cheating. Not once did Jennie, now wed to third husband **Dave Abrams**, judge her old friend. "She's seen me up, down, turned around and loved me and supported me unconditionally," Tori said in 2019. Now, in addition to working together, their friendship includes girls' nights and getaways where they still finish each other's sentences. "I would do anything for her, she would do anything for me," Jennie has said, adding, "I hope other people get to have that experience of having somebody that they know has their back and trust them and that they can really love fully without worrying about it." ★

Seeing Stars

"They got famous very fast, all of them," an insider says of the *90210* cast. "It can be hard when you're in your teens and twenties, but Tori and Jennie were in it together."

The NFL great's ex **Gisele Bündchen** recently revealed that their son, Benjamin, faced bullying for not taking to the gridiron like dear old dad (the 13-year-old prefers non-ball sports like surfing and jiujitsu). In 2019, Tom admitted he'd also put the pressure on until Gisele told him, "Would you effing understand that your son is different?" Now the 45-year-old says he and Ben do the things the teen likes. "When we do that, we have the best time."

"I don't know how ethical it is," the former child star said of having young children on set surrounded by adults. "My oldest kid, of course, desperately wants to be a child actor, just to push all my buttons." So much so that the tween found a loophole. The 44-year-old *Women Talking* director told host **Stephen Colbert** that, because of Covid restrictions, the only way her kids could be with her during filming was if they were background performers: "So they kind of negotiated their way on set!"

IT'S NOT SAFE FOR KIDS TO BE CHILD STARS!

Don't even ask! When the *Dead to Me* star — who got her big break in 1987 on *Married...With Children* — was quizzed about letting 12-year-old daughter Sadie get in front of the cameras, she was adamant. "She's allowed to study, and if she wants to take acting or dance classes, she's allowed to," said the 51-year-old. "But I have a very strong 'No' when it comes to monetary exchange for your talents until she's 18."

THE MUSIC BIZ IS NO PLACE FOR HIS GIRLS!

ED SHEERAN

When his elder daughter was just an infant, the "Shape of You" singer, who welcomed second daughter Jupiter in May, revealed that he hoped she wouldn't follow in his footsteps and launch a music career. "I think it's from being in the music industry — I'm like, I wouldn't wish this on my child," the 32-year-old said on a podcast. "I would hate for her to be known as my daughter rather than just Lyra. I want her to have her own identity."

Matt and Luciana brought Isabella, 16, Gia, 14, and Stella, 12, to the *Air* premiere March 27.

MATT DAMON

Protective dad! The 52-year-old, who has three daughters, wants to shield his girls from the harsh experiences of Hollywood. "Women are in a different business than we are. It's just brutal for women," he told *The Hollywood Reporter*. "For men, the roles get really good at 40 and beyond." For aging ladies, he implied, not so much!

HAIR STYLIST MARC MENA

The celebrity mane pro spills the secrets to scoring **Mindy Kaling**'s Oscars polished half-up 'do.

1 How did you prep her hair for the red carpet?
I used the new Fable & Mane MahaMane Smooth & Shine Hair Oil on wet hair from mid-shaft to ends.

2 What blowout technique ensures sleek strands?
Sweeping a Mason Pearson brush through locks while applying heat makes for maximum shine and movement.

3 How did you create those gorgeous, subtle waves?
I ran a Harry Josh flat iron down the length of the hair in a forward and backward motion, creating slight bends.

4 Explain how you separated Mindy's tresses into a half-up style.
I worked a few drops of the Fable & Mane MahaMane Smooth & Shine Oil through the sides and top before brushing the upper half of her hair into a ponytail. Then I used a boar-bristle brush to soften up the wave.

THE LAST THING HE TOLD ME

Jennifer Garner, Angourie Rice, Nikolaj Coster-Waldau

Premieres Fri., April 14, on Apple TV+

How far would you go for the people you love? After the mysterious disappearance of her husband, Owen (*Game of Thrones*' Coster-Waldau), Hannah (Garner) is given a handwritten note from her missing man. The message: "Protect her" — and Hannah knows he's referring to her 16-year-old stepdaughter, Bailey (*Mare of Easttown*'s Rice), who tragically lost her mother as a child and wants nothing to do with her stepmother. As if that's not complicated enough, the FBI arrests Owen's boss and federal agents raid Hannah's home. Bonded by mystery, Hannah and Bailey must team up to find the truth about the man they both love — and thought that they knew. Their mission brings them closer together, but will also put their lives in danger. Based on the bestselling novel by **Laura Dave**, this mesmerizing miniseries is a thriller with heart. Come for the pulse-pounding plot, stay for the tear-jerking drama. Garner and Rice make a dynamic duo as their compelling characters find family in each other.

PAINT

Owen Wilson, Michaela Watkins

In theaters Fri., April 5 R

This isn't a Bob Ross biopic! Carl Nargle (Wilson) is a curly-haired painter who soothes viewers of his Vermont public television show with his whispering voice and smooth brushstrokes. He's also quite a playboy with a customized van. But when the station hires new painter Ambrosia (**Ciara Renée**) to revitalize the channel, Carl's fears about his own limitations as an artist — and his romantic regrets — rise to the surface. More than paint-by-numbers, the comedy is a compelling portrait of a flawed but well-meaning artist afraid to take risks.

MOVIES

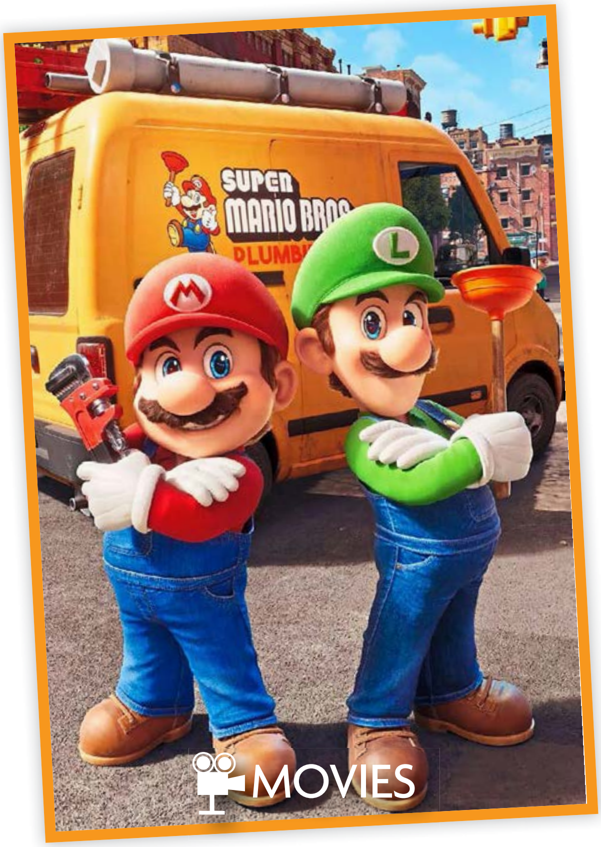
TELEVISION

TINY BEAUTIFUL THINGS

Kathryn Hahn

Premieres Fri., April 7, on Hulu

Struggling author Clare Kinkade (Hahn) has been kicked out of her house by her husband, Danny (**Quentin Plair**), and is being kept at a distance by her daughter, Rae (**Tanzyn Crawford**), when she accepts a gig writing an anonymous advice column. Who is she to give advice? But by answering her readers' dilemmas with her experiential insight, Clare makes breakthroughs in her own relationships. Hahn is Emmy worthy in a moving miniseries based on the collection by *Wild* author **Cheryl Strayed**.



MOVIES

THE SUPER MARIO BROS. MOVIE

Chris Pratt, Charlie Day

In theaters Fri., April 5 PG

Here we go! Brooklyn plumber Mario (Pratt), Princess Peach (**Anya Taylor-Joy**) and an anthropomorphic mushroom named Toad (**Keegan-Michael Key**) travel through the Mushroom Kingdom to find Mario's brother Luigi (Day) and save the world from the fire-breathing Bowser (**Jack Black**). Sure, Pratt may be miscast as Mario, but kids won't care as the classic Nintendo game becomes a delightful animated adventure. (**Seth Rogen** voices Donkey Kong!)

MOVIES

AIR

Matt Damon, Viola Davis

In theaters
Wed., April 5 R

It's 1984 and Nike is a distant third place in the basketball sneaker market behind Converse and Adidas. But Nike exec **Sonny Vaccaro** (Damon) has a plan. He wants to bet the company's future on a rookie named Michael Jordan. Can he convince Michael's protective mother, **Deloris Jordan** (Davis), that Nike has her son's best interests in mind? Directed by **Ben Affleck** (who has a scene-stealing turn as Nike CEO **Phil Knight**), *Air* is a funny and surprisingly moving drama (as well as the ultimate Air Jordan infomercial). It's a slam dunk!

TELEVISION

THE MARVELOUS MRS. MAISEL

Rachel Brosnahan

Premieres Fri., April 14, on Prime Video

Saving the best for last! The fifth and final season of the beloved comedy finds comedian Midge Maisel (Brosnahan) so close to success — and yet so far away. We'll also see her continue to bond with Lenny Bruce (**Luke Kirby**). **Milo Ventimiglia** also returns as the mystery man Midge had a one-morning-stand with in season 4 — before being caught by his wife. It'll be a bittersweet (but still sweet!) goodbye.

THE PLOT CHICKENS!

Chicks of the Trade

New York City, March 24

What the cluck?! **Amy Schumer** was spotted carrying some live fowl in a cage while shooting scenes for her hit Hulu series, *Life and Beth*. The 41-year-old confirmed on *The Howard Stern Show* in April 2022 that the critically acclaimed comedy-drama would be returning for a second season. Last we saw her character, wine distributor Beth had just quit her job in Manhattan to pursue a relationship with a local farmer in Long Island played by **Michael Cera**. Perhaps he sent her back into the city with a shopping list!
